

Terms and Conditions

Effective Date: March, 2026

Welcome to AI Wedding Concierge. By using our AI-powered guest concierge chatbot platform, you agree to the following terms.

1. The Nature of the Service

AI Wedding Concierge provides an autonomous AI chatbot designed to assist with wedding logistics (e.g., flight info, registries, and FAQs).

- "As-Is" Service: While our AI is highly advanced, it may occasionally provide inaccurate information due to "hallucinations" or outdated external data.
- User Responsibility: Guests are responsible for verifying critical travel info (like gate changes or visa requirements) with original sources (airlines/embassies).

2. Intellectual Property

- The AI: All algorithms, code, and "concierge" logic remain the exclusive property of AI Wedding Concierge.
- User Content: By uploading wedding details or "the story of how we met," the Couple grants us a license to process this data solely to provide the service.

3. Prohibited Conduct

Users agree not to:

- Attempt to "jailbreak" or prompt-inject the AI to bypass safety filters.
- Use the AI to harass, abuse, or spam wedding guests.
- Input sensitive financial data (like credit card numbers) directly into the chat interface.

4. Limitation of Liability

AI Wedding Concierge is not liable for missed flights, incorrect registry purchases, or any logistical mishaps resulting from AI-generated responses. We provide a tool for convenience, not a guarantee of wedding travel success.
