

Africa's Environmental Intelligence Market: Be at the Centre of It

AEEMA gives private sector leaders — climate-tech firms, ESG organizations, engineering companies, and environmental service providers — direct, structured access to Africa's 55-nation environmental regulatory ecosystem, decision-makers, and an emerging \$200B+ continental monitoring market.

THE OPPORTUNITY IN NUMBERS

Sector	Market Indicator	AEEMA Relevance
Air Quality Monitoring	\$4.8B Africa market by 2030	Continental standards drive procurement
Industrial CEMS	\$2.1B across NESREA, EPA deployments	TAC-3 sets the procurement benchmark
Carbon Markets & MRV	\$50B+ African carbon credit potential	AEEMA MRV standards unlock finance
Environmental Data & AI	Fastest-growing segment; 28% CAGR	TAC-4 shapes AI adoption frameworks
Maritime Emissions	\$159M+ annual revenue potential	NIMASA / IMO compliance architecture
Satellite & Remote Sensing	Government procurement accelerating	TAC-6 validates satellite data products
Water Monitoring	WASH + industrial; \$6.2B Africa total	TAC-2 designs national networks

WHY AEEMA MEMBERSHIP MATTERS FOR YOUR BUSINESS

"AEEMA is the single platform where African regulators, procurement decision-makers, and environmental technology markets converge. Corporate members gain structured access to this ecosystem — not through lobbying, but through contributing."

What You Gain	Governance Boundaries
