Classroom Uses

# Where Every Response Matters.

Responsicles® is a thoughtful fusion of two powerful ideas — "Responses" and "Popsicles" — reimagined as colourful acrylic sticks designed to transform the everyday classroom into an inclusive, joyful, and fair learning space.

Crafted from premium acrylic, each Responsicle is smooth-edged, safe to handle, easy to sanitise, and built to last through years of classroom use. Yet beyond durability, what makes Responsicles truly special is what they carry — a number, a colour, a shape, and a unique positive affirmation on every single stick.

In a world where some students raise their hand while others quietly disappear, Responsicles ensure that no voice is left behind. They give every learner a physical, tangible, and dignified way to participate — turning passive observers into active contributors.

*"A tool born from the belief that classroom equity is not a privilege — it is a right."*

## **Inclusive**

Every student participates equally, regardless of confidence or ability.

## **Intuitive**

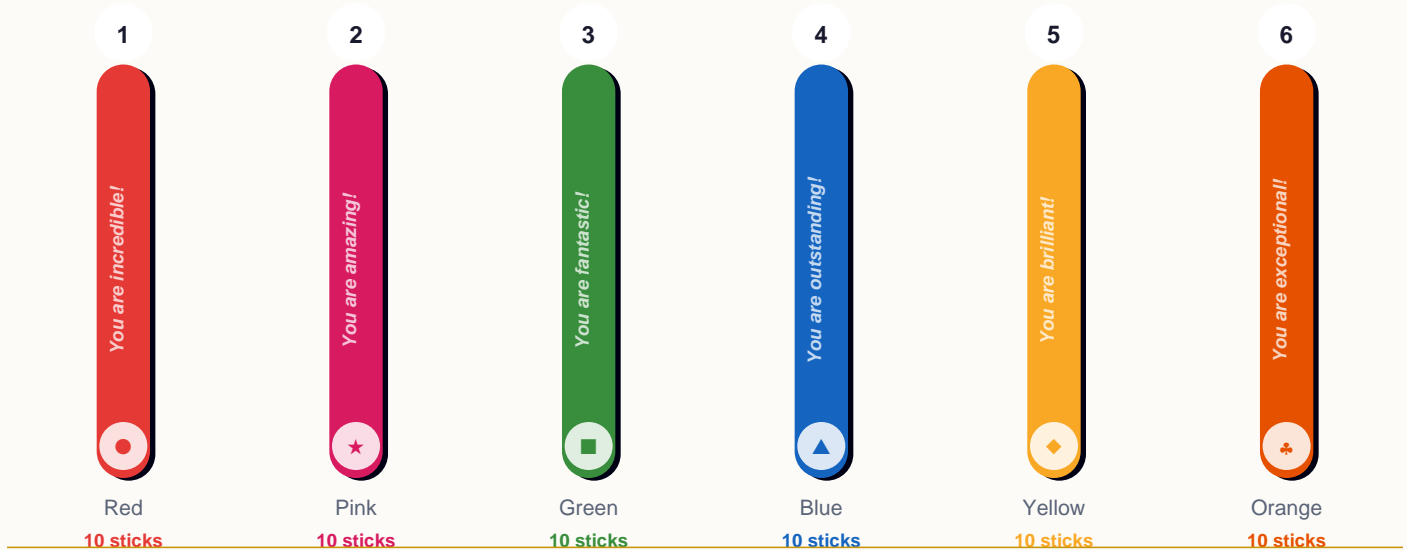

No setup required. Distribute, respond, return. Simple. Seamless.

## **Impactful**

Transforms attendance, grouping, SEL, and numeracy all at once.

# The Responsicles Kit

Six colours. Sixty numbers. Ten shapes. Sixty affirmations. One transformative kit.

## COLOR SYSTEM

Six vibrant colours allow instant visual grouping. Each colour group contains 10 uniquely numbered sticks, making it easy to form pairs, triads, or larger teams at a moment's notice.

## NUMBER SYSTEM

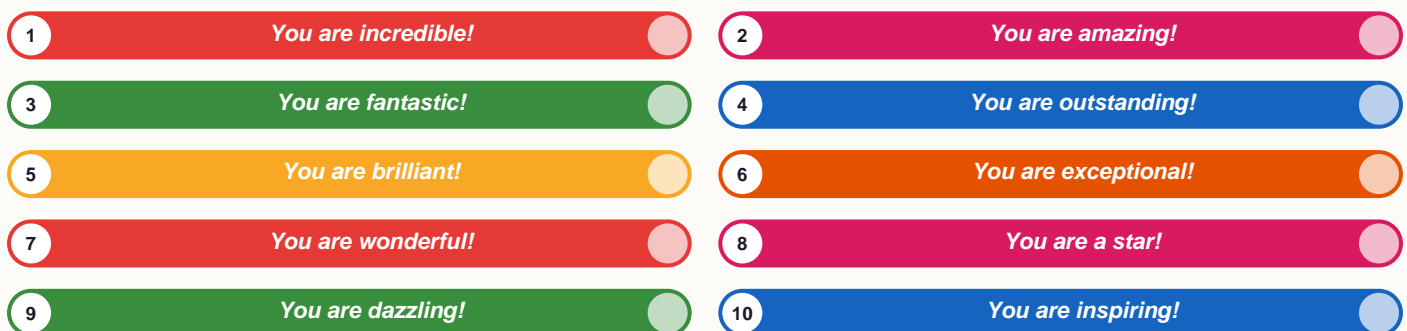

Numbered 1 to 60, every Responsicle corresponds to a student's roll number. Remaining sticks after distribution instantly reveal absent students — no register needed, no time wasted.

## SHAPE SYSTEM

Ten distinct hollow shapes are distributed across the kit — circles, stars, squares, triangles, diamonds, and more. Shapes add a third dimension to grouping and kinesthetic learning activities.

## The Affirmation System

Every single stick carries a unique message of encouragement — 60 affirmations, each one a gift to a learner.

...and 50 more unique affirmations inside every kit.

# Ten Ways to Transform Your Classroom

01

## Equal Participation

Once a student responds to a question, they return their Responsicle — creating a live visual record of who **Use with Q&A, recitation, or discussion activities.**

02

## Attendance Tracking

Distribute sticks by roll number at the start of class. The sticks remaining in the box after distribution are...  
→ **Saves 5–8 minutes of class time every single day.**

03

## Instant Group Formation

With six colours and ten shapes, Responsicles allow instant group creation by colour (Red group, Blue group) **Ideal for project work, pair activities, and team games.**

04

## Foundational Numeracy

The numbers 1–60 on the sticks become powerful tools for primary maths: addition, subtraction, skip counting **Particularly effective in Grades 1–5 mathematics.**

05

## Vocabulary & Language Building

Each affirmation on a Responsicle is a vocabulary prompt. Students can identify synonyms, antonyms, related words **Excellent for English, Hindi, and vernacular language classes.**

06

## Random Fair Task Allocation

Place all sticks in a tumbler and ask a student to pick one — whoever's number comes up takes on the task, role **Eliminates perceived favouritism in task assignment.**

07

## SEL Affirmation Boosters

At the start of each class, students read their affirmation aloud or to themselves. Over time, these daily mini **Connects naturally to NEP 2020's SEL mandate.**

08

## Kinesthetic & Creative Learning

Students use the physical sticks to form letters, shapes, geometric patterns, and even artistic compositions **Perfect for shape recognition, pattern making, and art integration.**

09

## Icebreakers & Energisers

In teacher training, corporate sessions, or any adult learning environment, Responsicles serve as elegant icebreakers **A staple at CBSE COE workshops and T3 Global training.**

10

## Workshop Facilitation

For teacher trainers and resource persons, Responsicles are a demonstration tool and a participation stimulator **Parvinder Bhatnagar uses this in every CBSE-affiliated workshop he facilitates.**

# Sixty Sticks. *Endless Possibilities.*

60

## Responsibles (Acrylic Sticks)

Premium-grade acrylic — smooth-edged, safe, durable, and easy to sanitise. Designed to last years of daily classroom use without fading or breaking.

60

## Unique Numbers (1 to 60)

Every stick bears a unique roll number. Used for attendance tracking, random selection, numeracy activities, and fair participation systems.

60

## Positive Affirmations

Each of the 60 sticks carries a unique, carefully chosen affirmation — from "You are incredible!" to "You are a blessing!" — nurturing student well-being daily.

6

## Vibrant Colours (10 each)

Red, Pink, Green, Blue, Yellow, and Orange — each colour group containing exactly 10 sticks, allowing perfectly balanced group formation every time.

10

## Distinct Hollow Shapes

Circle, Star, Square, Triangle, Diamond, Clover, Heart, and more — each shape type distributed across colours for three-dimensional grouping flexibility.

1

## Teacher's Idea Sheet

A curated guide with over 10 creative, classroom-tested applications — from attendance tracking to SEL activities — helping teachers get started from Day 1.

## WHO IS RESPONSIBLES FOR?

# *Built by Educators. Designed for Educators.*

### School Teachers

#### Primary to Senior Secondary

Government and private school teachers across India who want to make their classroom more participatory, engaging, and fair — from the very first day of use.

### Teacher Trainers & Educators

#### CBSE / SCERT / DIET Workshop Leaders

Master trainers, resource persons, and facilitators who need a dynamic, hands-on tool to model inclusive pedagogy and active learning strategies to their cohort.

### Special Educators

#### Inclusive & Differentiated Classrooms

Professionals working in inclusive settings who need a flexible, multi-sensory tool that respects different learning styles and creates equity in the classroom.

### Workshop Facilitators

#### Corporate Trainers & Resource Persons

Session leaders, trainers, and facilitators at any level who need a reliable, elegant tool for grouping, participation, icebreakers, and energy management.

OUR VISION

# A Classroom Where No Child Is Left Behind.

Responsicles was born from a simple conviction: that fairness in the classroom is not an ideal to aspire to — it is a practice to embody, every single day, in every single lesson.

1	You are incredible!	●
12	You are a blessing!	★
23	You are gifted!	■
34	You are remarkable!	▲
45	You are extraordinary!	◆
56	You are inspiring!	♣

*"Responsicles is not just a product.  
It is a promise — that in our classrooms,  
every child will be seen."*
